### **For Sale: Brisa Swamp Cooler**

10/10/10

Anyone interested in a Brisa Evaporative (Swamp) Window Cooler? Bought it brand new from Diamond in 2008 for over \$900, quick sale now for \$350 plus fitted canvas cover. Please call 541.884.1009. Please forward to anyone you might think would be interested, thank you. See description below.

Cool your space more efficiently than with an air conditioner with this Brisa Swamp Cooler. It will cool between 1,400 and 1,800 square feet with evaporative technology. This Brisa Swamp Cooler, the BW5001 model, uses a 1/2 HP motor and Aspen media to cool such a big space. There are two speeds giving you greater flexibility in your cooling ability. And it fits neatly in a window keeping the bulk of the unit, the cabinet, outside. The cabinet dimensions are: 36" High x 34" Wide x 34" Deep. The duct dimensions are: 13-1/4" High x 20-3/4" Wide x 10-1/4" Deep.

Swamp cooler capacity is measured in cubic feet of air per minute (CFM). In order to determine the size of cooler you need is to divide the volume of the area to be cooled by two. To find the volume of the area simply multiply the square footage of the area by its height. The system should change the air in the area you are cooling 20 to 40 times per hour. To work effectively, you need to keep a window open in the room areas that you are cooling. This will allow the warmer air to escape and makes the process work effectively.

## **For Sale: Earthwise 20" Cordless Electric Mower**--has an easy single lever cutting height adjustment control that allows settings of 1.5" to 4".

Has a comfortable handle with cushion grips and a safety blade control that folds down for storage.

Ball bearing wheels that are 7" in the front and 8" in the back make the mower easy to push.

Battery charger and operator's manual included.

Only used about 10 times.

Cost new--ranges from \$240 to \$320

**ONLY \$150**

# Learn How to Bead

[Diane Eldridge](#), a resident of the Chiloquin area, has been beading for 5 years and has taught beading at Indigo Beads in Klamath Falls for over a year. Classes will be kept small so that all students will get the attention needed, whether they are a beginner or intermediate beader.

**PEYOTE:** Learn how to make your own needle case using selected patterns. Once you learn how to make the needle case, you will know how to make beaded bags, which make lovely gifts.

**BRICK STITCH:** Make a set of earrings for yourself using this versatile yet easy stitch. Then make some for your friends and family!

**SQUARE STITCH:** Loom without a loom. Make a waterfall necklace or a bracelet.

**FEES:** \$20 per class, **Class time - 2 hours.**

**MATERIALS:** Students must provide all of their own materials as required for each project. Most materials needed, which include beads, thread and needles, are available at Two Rivers Gallery.

Contact Two Rivers Gallery to set up a class time with Diane. 541-783-3135

# Alpaca Yarn

Alpaca YARN -- Each skein is \$13.50 & weighs 90 grams. They are all natural colors (off-white & tans) in bulky, sport and fingering weights. Knit, crochet or weave it. Alpaca fiber is incredibly soft, comfortable against human skin and very warm yet lightweight. Each fiber is hollow creating 'dead air space' that insulates. Come to our place on Highway 62 to meet and greet the Chiloquin alpaca who grew the fleece for the yarn you are buying.

Contact Sandi Selk by email ([sandiselk@yahoo.com](mailto:sandiselk@yahoo.com)) or call 783.2770.
